

MORE ENTRIES IN NATIONAL CONTEST FOR \$1,000 PRIZE

Four Farmers Have Enrolled in Crop Production Competition Under Auspices of Philadelphia Farm Paper—County Agent Expects Good Results and Urges Others to Enroll.

Wilbarger county is to be well represented in the contest for the prizes offered by the Philadelphia Farm Journal. This is made certain by the fact that six five-acre plots have been entered this week. Lon Byars of Oklaunion has announced his intention to enter for prizes on wheat, alfalfa and corn. Daniel Bond will try for the prizes on cotton and corn and Joe Crowmover of Odell will enter a five-acre plot of alfalfa. Asa Vaughn, west of Vernon, announced last week his intention of entering for the prize on alfalfa. Besides those who have definitely announced their intention of entering for prizes County Agent N. R. Tisdal is of the opinion that there will be a number of other contestants from Wilbarger as several have intimated that they were seriously considering the proposition.

The county agent insists that whether a Wilbarger man wins a prize or not the fact that the proposition is meeting with so much enthusiasm in this county will in itself be a big advertisement.

These men will put Wilbarger on the map as a farming county and at the same time stand a splendid chance of winning a national reputation for themselves. The men who are trying for the prizes say they believe that, in view of the present splendid crop prospects in this section, there is more than an even chance that the winning crops can be produced in this county.

The fact that the plots entered for prizes are scattered well over the county and entries have been made in four of the six crops on which prizes are offered is significant. It is testimony not only of the fertility of the soil in Wilbarger but is evidence of the adaptability of the county to diversified farming as well. The men who have entered the contest are successful farmers and having thoroughly studied the situation are serious in their purpose to win.

Whether they win or not, it is pointed out by Mr. Tisdal, that it costs nothing to enter and with a little extra effort it may mean the winning of a national prize. The prizes are \$1,000, \$500 and \$250 with gold, silver and bronze medals for the best five acres in cotton, potatoes, wheat, alfalfa, corn and oats. The awards are offered by the Farm Journal at Philadelphia and the contest is open to any non-irrigated farmer in the United States. While the prizes are large the greatest reward will be the honor that will come to one who is champion of the United States.

C. S. BEAVERS TO STRAWN.

North Side Farmer Will Be Associated With Brother in Lumber Business.

C. S. Beavers of Fargo, left last night for Strawn, Texas, where he will make his home for the next few months. His household goods are packed and will follow within a few days. Mr. Beavers is moving to the Palo Pinto town to be associated with his brother, C. E. Beavers, in the lumber business. The brothers have purchased the lumber yard and will specialize in derrick timbers, Strawn being near the Ranger oil district. C. E. Beavers has been with the Simpson Lumber Company at Fort Worth for a number of years and is an experienced lumber man.

Mr. Beavers does not intend to make his home permanently in Strawn, but will return to Wilbarger next summer in time to harvest his wheat crop. He has made arrangements to have his crop cared for in his absence.

Cemetery Association Meets Tuesday.

The East View Cemetery Association will hold its regular meeting in the library building Tuesday afternoon at 3 o'clock. Every member is requested to be in attendance. Visitors, interested in the care and improvement of the cemetery, will be welcomed.

NEW TIME WILL TAKE EFFECT AT 2 SUNDAY MORNING

Vernon Business Houses Will Close at 6:30 Under Daylight Saving Plan—Lumber Yards to Close at 6—No Change in Banking, Church, School or Railroad Hours.

Next Sunday morning at 2 o'clock clocks will be moved forward one hour, under the daylight saving law, enacted by Congress last year. This time will be in effect until the last of October when timepieces will be retarded an hour.

Business houses will remain open until 6:30 o'clock in the afternoon, beginning with Monday. A committee from the retail Merchants Association has been canvassing among the business men to secure an agreement on a closing hour, and while the task has not been completed, it is announced that a majority favor 6:30 over 6 o'clock as the closing time and the decision reached by the Merchants Association was to select the hour agreeable to the largest number.

It is the plan to have business houses in all lines close at 6:30, including meat markets. No arrangement has been reached with the butchers, but it is believed that they will approve the plan. Lumber yards have announced that they will continue closing at 6 o'clock, just as under the present time. There will be no change in banking hours.

Church services will begin at 11 o'clock new time Sunday morning. A somewhat later hour will be announced for evening services. No change will be made in school hours. No changes will be made in railroad time tables.

WOULD SECURE RELEASE OF CONSCIENTIOUS OBJECTORS

Petitions are being circulated in Vernon, as well as in other parts of the country generally, asking release of eight International Bible Students who were convicted of alleged violation of the espionage law, and who are now in the Federal prison in Atlanta, Ga. Mmes. L. E. Key, Theo Beck and Ray Collins have the petitions in charge.

Names of the men incarcerated are G. H. Fisher, R. J. Martin, G. de Cessa, F. H. Robinson, C. J. Woodworth, A. H. MacMillan, J. F. Rutherford, and W. E. Van Amburgh. Judge Harland B. Howe of Vermont, who pronounced sentence, giving all of the men twenty years in prison, except de Cessa, who was given ten years, has recommended to the Attorney General immediate commutation of sentence. He says, "My position is to be generous now that the war is over. They did much damage by preaching and publishing their religious doctrines."

The petitions ask pardon, commutation of sentence, or release on bond pending decision on the case by the Circuit Court of Appeals.

HIGH SCHOOL DEBATE TUESDAY.

Winners Will Contest in District Meet to Be Held in Vernon Next Month.

The eliminating contest in debate will be held in the high school auditorium at 4 o'clock Tuesday afternoon. Four students, two girls and two boys, from the local high school have entered for interscholastic debate. The boys' team is composed of Robert Lutz and Curtis Renfro, while Misses Mildred Young and Thelma Sherrill constitute the girls' team. The question for discussion will be on the establishment of universal military service in the United States and the teams will either draw for sides or agree on which side they will defend.

The team winning in the debate Tuesday will represent the local high school in the district meet that is to be held here next month. The winner in the district meet will go to Austin to contest for State championship.

Guyer Junior Boys Issue Challenge

The junior boys' basketball team has issued a challenge to play any time at Oklaunion. The Guyer boys have a good team and are anxious to contest with other teams of the county.

WILL URGE SHEEP GROWING IN COUNTY

GOVERNMENT REPRESENTATIVE
WILL SPEND APRIL
4 AND 5 HERE.

W. T. Magee, animal industry agent from Texas Agricultural and Mechanical College at College Station, has written County Agent N. R. Tisdal that he expects to be in Vernon April 4 and 5 for the purpose of speaking in the interest of the sheep industry. Mr. Magee is now touring in the Panhandle country on this mission and Mr. Tisdal announces that there will be a meeting of all who are interested in sheep-raising at the courthouse at 2:30 on the afternoon of April 4.

The Government has established a central marketing bureau for wool at Amarillo and is conducting a campaign in this section of the country in an effort to encourage sheep-raising and wool production. At one time Wilbarger county held a prominent place in the sheep industry. There are at present very few herds around Vernon. The Government man thinks that this section is well adapted to wool production and is especially anxious that interest along this line be renewed to the extent that sheep will be one of the chief industries. The county agent urges that all who are interested in any phase of sheep industry hear Mr. Magee at the courthouse on April 4.

Local Odd Fellow on Committee.

At the state convention Independent Order of Odd Fellows held in Dallas this week, G. W. Backus was made a member of the committee on unwritten work. Mr. Backus is a prominent Odd Fellow in this section and has come to be recognized as an authority on the unwritten work of the order. He was a delegate from the local lodge.

Special W. O. W. Meeting.

A special call meeting of the Woodmen of the World will be held at the hall on the south side of the square tomorrow night at 8 o'clock. Important business will be transacted and every member of the local camp is urged to be present.

SCHOOL CENSUS IS ABOUT COMPLETED

THOSE OVERLOOKED ARE URGED
TO COMMUNICATE WITH
B. F. SISK.

Superintendent B. F. Sisk has covered the city and completed the school census with the exception of scattering families that were overlooked and new ones that are moving in. Mr. Sisk urges that any family knowing that they have been overlooked should call him at the high school building and he will enroll the scholars. This request applies as well to the new families moving in and to anyone who knows of a family who was missed.

The record shows that the scholars this year will fall short by about 100 of the number enrolled last year. The scholastic census for the city of Vernon last year was 1,203, whereas the enrollment this year when those overlooked in canvassing the city and the children of the new families are entered will be about 1,100. Only 1,085 were enrolled up to yesterday afternoon.

The city superintendent attributes the falling off of the scholastic population of Vernon largely to the fact that the oil boom at Wichita Falls and Burkburnett has attracted a large number of laborers who have moved their families to those cities. The enrollment last fall was short of what it was for the previous year. The attendance for this term has been such that the school has been run with one fewer teachers than last year. During the term 1917-1918 a total of 28 teachers were used in the local city schools as against 27 for the present term. This number includes the negro teacher.

Odell Man Favors Road Bonds.

W. B. Hobson of Odell was in the city on business Wednesday. The Odell man is strong for the proposed road bond issue that is to be voted on next month. He says it stands to reason that we should act now and get the benefit of the State and Federal aid rather than permit our taxes to go for the construction of roads in other counties.

2 COMMISSIONERS TO ELECT TUESDAY

VOTING IN REGULAR ELECTION
AT CITY HALL—TWO WEST
SIDE CANDIDATES.

The regular city election will be held Tuesday, when two places on the City Commission will be filled. E. L. Witty is a candidate for re-election to place No. 4, from East Vernon. Harper Reed, a member of the Commission, is opposed for re-election by Dr. Thos. A. King, from place No. 3, West Vernon.

Petitions have been filed with City Secretary S. H. Hall asking that these names be placed on official ballot for the positions named. No other candidates have been announced, and it is presumed that these will be the only names submitted to the voters.

The city charter provides that two Commissioners shall reside in East Vernon and two in West Vernon. All are voted on, however, by the city at large. Under this provision voters living in East Vernon vote for candidates for West Vernon places and vice versa. Voting will be done at the City Hall, and the polls will be opened at 8 o'clock in the morning and close at 7 o'clock in the evening. Since this is a regular election and not a party primary women will not be entitled to vote.

J. G. Salter Improving.

J. G. Salter has workmen busy making repairs and improvements on his home in West Vernon. Mr. Salter is having a room added.

Parks Westmoreland Discharged.

Lieutenant K. P. Westmoreland received his discharge from the army Tuesday, according to advice received here by his mother, Mrs. J. E. Collins. The lieutenant, who was at Camp Pike, Ark., when he was mustered out, is at present in St. Louis where he is receiving training for the purpose of going on the road for the McQuay-Norris Company, manufacturers of automobile accessories. His brother, Captain Horace Westmoreland, is traveling out of Dallas for this firm.

PLAN IS TO MAKE WILBARGER MODEL COTTON COUNTY

Government Expert Will Supervise Seed Selection for the Purpose of Improving Staple—Classer Will Be Here Next Month to Make Arrangements for Beginning Work in Fall.

That Wilbarger county is to be made a model for other counties in this section in the matter of cotton growing is the intention of the Agricultural Department of the Government, according to announcement by Walton Petet head of the Bureau of Marketing for Texas, in a letter to County Agent N. R. Tisdal. The letter gave assurance that this county would have the services of the very best specialist in cotton breeding as it was the avowed intention of the Government to give special attention to the cotton production in Wilbarger.

The letter to Mr. Tisdal was in answer to an inquiry concerning the man who is to work with the farmers and members of the boys' clubs who have purchased seed of the long staple variety and agreed to grow the cotton under the direction of the Government. The specialist will visit the county during the blooming season for the purpose of cutting out the inferior stalks. He will return after the cotton is open and direct the clearing of the field of inferior bolls. The purpose of the Good Seed Growers Association is to produce seed under Government supervision in such a way that they may be sold under the stamp of government inspection, the organization of one of these associations.

Mr. Tisdal urges that in being made a model cotton growing county for this section of the state Wilbarger has incurred a responsibility that will require the utmost cooperation to successfully maintain. The present tendency toward reduction of acreage and improvement will go a long way toward adding to the virtues of Wilbarger as a model cotton county, the county agent believes.

With reference to the cotton classer, Mr. Petet writes that he will be in Vernon some time next month to make definite arrangements, personally, for the inauguration of his work next fall when the cotton begins to move.

Armenian Woman a Visitor.

About 150 persons heard Miss Elizabeth Dymbourajian (pronounced Tom-bourine in English) speak at the prayer meeting service of the Methodist Church Wednesday night. She is a native Armenian and was dressed in Armenian robes. Miss Dymbourajian says the terrible persecutions of her people by the Turks continues and that famine threatens to exterminate the race. Conditions, she declares, are such that persons in a land of plenty can not picture them. In the matter of intelligence she says Armenian and Turk compare about as the high class American and the African. The speaker went from Vernon to Stamford, she speaks in the interest of the Armenian-Syrian Relief Campaign, but takes no collections.

MRS. B. F. TAYLOR DIES.

Funeral Services Will Be Conducted at East View at 5 o'clock This Afternoon.

Mrs. B. F. Taylor, who lived in North Vernon, succumbed this morning to complications following an attack of influenza. Funeral services will be conducted at East View Cemetery at 5 o'clock this afternoon by Rev. H. F. Brooks, pastor of the First Methodist Church. Interment will be in East View Cemetery.

Deceased was exactly forty-two years of age. Her husband died on March 3 from influenza and pneumonia. Friends will unite in sympathy for the bereaved relatives.

Blue Lodge Meeting Tomorrow Night.

Vernon Lodge No. 655, A. F. & A. M., will meet in called communication tomorrow night at 7:30 for the purpose of work in the Master's degree. Two candidates will receive the degree and all Master Masons are urged to attend.

ORGANIZATION IS COMPLETE FOR LOAN DRIVE NEXT MONTH

N. R. Heath, General Chairman, Is Confident Wilbarger County Will Respond as in Previous Campaigns—Quota Not Yet Announced—Community Committees Are Appointed.

Wilbarger's Liberty Loan organization has been completed and everything is in readiness to commence the drive simultaneously in every community promptly at 9 o'clock on Monday April 21, according to announcement by County Chairman N. R. Heath. The campaign will last three weeks and, while the quota is as yet unknown, the County Chairman insists that Vernon will not be any the less responsive in the coming campaign, but will uphold the record made in previous campaigns that won for it the privilege of naming a ship—an honor extended to but ten cities in the entire Eleventh Federal Reserve district.

The personnel of the organization for the Victory Loan drive is practically the same as it has been for the other campaigns. Some changes have been necessitated by reason of members moving out of communities. The advisory committee is composed of J. A. Birdsong, W. O. Anderson, E. P. Hicks, J. H. Pendleton, C. T. Smith, L. WOULD ELECT RAYLAND MAN.

Friends Want Dr. M. A. McBride Made Sovereign Delegate at Large for W. O. W.

Friends of Dr. M. A. McBride of Rayland will push his name as candidate for delegate at large to the Sovereign Camp of the W. O. W. Lodge. The W. O. W. of Texas will meet in Dallas Tuesday week.

Two years ago Dr. McBride received 175 votes, and was elected second delegate at large. This testimony of appreciation for his services came without any solicitation on the part of friends. It will require about 250 votes to elect.

Dr. McBride has been a Woodman of the World for a quarter of a century. He has been physician for fifteen W. O. W. camps.

Dr. McBride was in Vernon Wednesday.

Margaret Sue Cain Dies.

Margaret Sue, a nine-months-old daughter of Mr. and Mrs. Guy Cain, died yesterday afternoon following an illness of several days duration with pneumonia. Funeral services will be conducted at the residence on East Wilbarger street at 5 o'clock this afternoon by Rev. W. T. Rouse, pastor of the First Baptist Church. A host of friends will join in sympathy with the sorrow stricken parents.

Today—Louisa M. Alcott's famous story, "Little Women," is portrayed on the screen as a Paramount-Arcraft picture. The most famous characters in literature are visualized with charming effect in a beautiful story abounding with humor, sentiment and humor. Living in a comfortable home in Concord, Mass., the members of the March family are bound together by the ties of unity and love. The period is toward the close of the Civil War and Mr. March is serving in the army as chaplain. Mrs. March is idolized by her daughters, Jo, Meg, Beth, and Amy. Those who have read the story know the beautiful story that is woven around these affectionate daughters and the hardships they undergo.

Pictorium.

Today—Select Pictures presents Mitchell Lewis in "CHILDREN OF BANISHMENT." Dick Dream is foreman of a large lumber company. He knows the company is crooked and is not straight in anything it does but he can find no other job. Suddenly he finds himself a part owner of a large tract of timber and the only right of way through which the logs may be shipped is blocked by his former employers. A fight ensues in which Dream wins the right of way. The story of how he suddenly finds himself in love with the wife of McKenzie, the man with whom he is associated in the lumber business, forms the conclusion of the drama.

RAILROAD LIMITS NUMBER OF BOOSTERS FROM FREDERICK

The number of boosters coming from Frederick, Okla., Monday will be limited to two hundred. The Frisco has a three coaches to the Frederick, and because it has been found that the sale of tickets is limited by the coaches carrying the boosters, the coaches have been limited. The boosters are scheduled to reach Vernon at 8:30 o'clock Monday morning. From here they will go to Wichita Falls and return home over the M. & T. Railway. It is announced that the visitors will wear white hats and gold badges.

Farmer Goes Miles To Tell of Relief

Vinson Lived on Milk and Eggs for Months—Takes Taulae and Gains 15 Pounds.

"I have come twenty-six miles to tell you what Taulae has done for me," said Joe M. Vinson, a well known farmer of Love, Miss., while in Memphis recently.

"Three years ago," he continued, "my stomach got all out of order, I couldn't digest a thing and for eight months I lived on buttermilk and the white of eggs. I was too nervous to sleep well, gas on my stomach made me miserable, I had spells of dizziness, would almost faint and could hardly get my breath. I had splitting headaches and was so bilious that I would often vomit.

"Since taking Taulae my health is as good as anybody's and I feel like a new man. I eat anything I want, sleep like a rock, all the misery and swelling has gone from my stomach, I have gained fifteen pounds and can do a hard day's work. I wouldn't be in the same fix I was before taking Taulae for my farm and the stock thrown in."

INTERESTING PAPER BY MRS. WARLICK

CULTURE CLUB HEARS HISTORICAL FACTS ABOUT CITY OF VERNON.

Better attendance on church and Sunday school seems to be Vernon's greatest need, according to members of the Culture Club. Tuesday afternoon was guest day, and members were asked to respond to roll call with a statement of what Vernon needs most.

Other needs mentioned by the club members are better streets and crossings, especially the repair of crossings in many places, cleaning up of alleys and vacant lots, more flowers around private homes, a housewives' league composed of all club women which should visit frequently meat markets, grocery stores, and bakeries for the purpose of keeping the sanitary condition of food supplies at the highest possible point. Many of the women thought a hospital was the greatest need of the community, but the need mentioned most often during roll call was larger attendance upon church and Sunday School.

Mrs. W. A. Wilhelm was hostess and as it was "guest day," each member invited a friend. In the reception room the hostess was assisted by Misses, J. N. Johnson, S. E. Lloyd, Etta Long and J. G. McCarroll. Misses, H. K. Grever, J. A. Robinson and A. B. Garland ushered the guests to seats in the living rooms, which were decorated in the club colors of yellow and white.

The note of spring was also expressed in the refreshments, which consisted of ice cream resembling Easter lilies, angel food cake and mints. Each service was accompanied by a favor of jonquils tied with white ribbon.

The program consisted of a piano solo, "The Dance of the Demon," by Miss Winnie Jewel Norwood; vocal, "Belgian Rose," Miss Hazel Vaughn; piano solo, "Jongleur by Godard," Miss Winnie Tennyson; violin solo, "Fifth Nocturne," Mrs. R. S. McConell; reading, "Mademoiselle," Miss Scott; piano solo, "Pallene Brillante," Mrs. H. O. Colley.

Mrs. O. T. Warlick read a splendid paper on "Vernon, Yesterday, Today and Tomorrow." It is reprinted in part as follows:

"In its beginning Vernon was the 'Ranch Headquarters' and camping ground. The first settlement here was known as 'Eagle Flat' and when application was made for a postoffice that name not being acceptable, as another of the same existed in Texas, 'Vernon' was suggested by postal authorities in honor of the assistant postmaster general.

"Here the many herds of cattle were driven for a few hours rest on the journey up the famous Chisholm trail from the ranches in the Southwest and on the Rio Grande to the markets of Fort Dodge and Kansas City, there being no railroad facilities in this section of the State. Vernon was then the only supply station for hundreds of miles either way on the trail, and here the 'chuck' wagon was replenished and the weary cowboys, with their faded herds enjoyed the restful shade and nature's sparkling gift from our famous Condon Springs.

"As matters of history, R. D. Doctor was the first postmaster and among the first substantial settlers were the Chownings, T. Windsor Robinson, Thomas Linkhart, J. A. Stingley and Mr. Darby, whose names compose the official townsite company of Vernon. The first school was taught by L. N. Perkins in a one-room shack near where the Central Christian Church now stands. This school was in 1883 and had an enrollment of eight pupils. The first brick building was erected on the present site of the High School. Hon. Joe H. Eagle was its first principal and the members of the first graduating class who reside here now are Judge E. L. McHugh and Mrs. J. L. Swartwood, formerly Miss Hattie Farwell. The first Sunday School was a mission organization and was held in the conference, a frame building standing just south of where the Farmers State Bank now stands. Our present conference was erected in 1886. The first brick business structure was the Wood building erected in 1890, in which was kept general merchandise, the postoffice and bank.

"The first minister in this locality, was Rev. J. T. Hossner, of pioneer Methodist fame, who spread the gospel over many counties of the sparsely settled West and carried his ministerial library in saddle bags. The first church building was erected by the Baptist congregation. The first newspaper was the 'Vernon Guard,' edited by B. Wilson Edgell. The first lawyers were Hon. F. P. McGhee and Chas. Wheeler.

"As did all of the wild West, Wilbarger county has seen her years of lawlessness, crime, and the days of the Vendetta, which called for the organization of vigilance committees. Many deeds of thrilling adventure are a matter of history for Vernon.

"The first manufacturing venture was the Pogue's soda pop factory, which supplied the cold drink establishment of Glenn & Gardner, who readily disposed of ice cream at 25 cents per dish, and who were famous for their delicious milk shake. The first hotel building was that of the City Hotel, the late lamented landmark. Its first proprietor was Joseph Schmidt, who now resides in West Vernon. This hotel host once had the honor of entertaining the distinguished guest, Geo. B. McClellan.

"Vernon was incorporated in 1889. The first mayor was J. R. Tolbert. The city councilmen were Joseph Schmidt, S. W. Mabry, Geo. Langley, and Jno. Wood.

"In the early nineties Wilbarger witnessed an era of prosperity and

fabulous wealth. In 1891 the wheat crop was estimated at two million bushels and almost overnight Vernon became a city of 5,000 people. A street railway extending from the depot up town was built by Joseph Schmidt and R. L. McFarlin, who is now a Tulsa millionaire.

"The oldest firm still in business in Vernon is Kell Milling Company, organized in 1888, this with the firm of Denny Bros., are the only two firms now here under the original firm name. Five large elevators were then insufficient to handle the large wheat yield of the county at which time most all of what is now Waggoner's ranch was a prosperous community of farmers.

"But as is true of all Middle West, years of drought and adversity came and much of the boom of prosperity of pioneer days was lost, but with the dawn of the twentieth century came a new era throughout this section of the State, and Vernon entered upon a substantial advance into the growth of a city. New homes sprang up, brick buildings replaced the old frame structures, a board of trade was organized, a county fair organization which sent to Dallas our first exhibit, taking first prize on cotton, wheat, sweet and Irish potatoes, beans, apples and pears—grown by J. L. Swartwood readily sold for 25 cents each as souvenirs giving Wilbarger County agricultural fame and bringing many prospectors who became our substantial and progressive citizens of the present. Church buildings were built, school buildings, and with the planting of trees, shrubbery, lawns and flowers we began to take on metropolitan airs which are the pride of Vernon today.

"To give some idea of the magnitude of our growth since 1912 there have been built by actual count 34 brick business buildings at an approximate cost of \$500,000.00. About 300 residences at an approximate cost of \$450,000.00, and our population has increased 200 per cent.

"In club life the first organization was the 'Yamparika,' a study club, organized by Mrs. Brown, a very literary woman of early Vernon who with her husband, Judge G. A. Brown, removed to Oklahoma, where she and her children still reside. The next was the 'Cecilian Club,' whose first president was Mrs. W. D. Berry. Then the 'Home Science Club,' organized in 1905 by Mrs. T. M. Kell, deceased. Our first part—Allingham—was established, and is still, under the auspices of the Home Science Club, which later also accepted, and began improving, the site donated by T. H. Shive, known as the Shive Park on West Texas street.

"Today in facts and figures we are the metropolis of the wealthiest county per capita in the State of Texas. A city of six thousand population, total value of taxable property about \$1,000,000.00. We have four strong banks with aggregate deposits of more than one and a quarter million dollars, our city limits cover approximately four square miles, about fifteen miles of concrete sidewalk, and about three miles of paved streets. We have four up-to-date and commodious brick school buildings; a free library, recently erected at a cost of about \$20,000.00; and, with pride, we mention our Federal building just completed at a cost of \$30,000.00, and improvements under way estimated at about \$50,000.00 for two beautiful country clubs. Within the past year have been completed some of the most modern business houses in West Texas. We would mention the building occupied by Perkins-Timberlake and Woolworth completed at a cost of about \$50,000.00. We are located in a most desirable climate with an average rainfall of about 18 inches, an altitude of 1,400 feet, and a soil adapted to most any sort of vegetation. It is well to remember that our luxuriant growth of fine shade trees is the result of the efforts of our enterprising home builders, as there was no natural growth of trees here and in no other town in this section can trees be grown so successfully. Our beautiful terraced lawns are the envy of all West Texas, due to the abundant water supply which is the crown of our civic pride. Located on two great railway lines traversing the Middle West, North and

South, East and West, and on the Colorado-to-Gulf highway thousands of home-seekers and tourists reach our city annually. Our surrounding country is unsurpassed. Our soil the most fertile. Progressive farming and stock raising, and the oil industries increasing and enriching our population with startling rapidity. In a short space of time Vernon has become the center of diversification in the West and phenomenal gains continue in our county setting pace for other sections of the State. True we have had our years of agricultural adversity though the effect was but for a short time, soon awakening to renewed energy and development.

"We believe that Vernon can successfully appeal to the best citizenship in search of a home. As a church city Vernon stands prominent. We challenge any city with equal population to show a greater church membership or a larger Sunday School attendance. The people of Vernon are religious and as evidence of their denominational diversity have constructed edifices of worship that would do credit to any of the larger cities of the State.

"Our city schools are well organized and have an enrollment of about 1,100, being at present under the efficient management of one of Texas' best school men, B. F. Sisk, and a loyal and thorough corps of teachers in heart-felt co-operation with one of the best organizations of parents and teachers throughout the State. We can boast a private school controlled and managed by a man of sterling worth, prominent among Texas educators, R. F. Holcomb, giving opportunity for special courses and all branches of work.

"In 1915 our city had reached a sufficient population, as shown by special census to adopt the commission form of government, and so today Vernon is the thriving, growing city of which we are justly proud.

"Tomorrow is the glorious perpetuity of today. In the past Vernon's citizenship has shown exceptional culture, education, prosperity, industry and civic pride. The renown and advancement of her men and women in educational, scientific, and political ways have greatly exceeded the proportion of any city its size in Texas. With our natural advantages and resources, and with our splendid citizenship of today what may we not expect of Vernon tomorrow? We may never be a commercial and railroad center, but assuredly Vernon will one day be a large city with many manufacturing plants, greater schools, colleges, churches, and will doubtless surpass them all in the number of beautiful palatial homes, a city of culture, wealth and residential beauty. We may confidentially expect a population of 25,000 in 1925."

Their Medicine Chest For 20 Years

IT is characteristic of folks after they pass the allotted "three score years and ten," to look back over the days that are gone and thoughtfully live them over.

I find myself, at seventy-one, frequently drifting back a quarter of a century, when I see myself in the little drug store I owned at Bolivar, Mo., making and selling a vegetable compound to my friends and customers—what was then known only as Dr. Lewis' Medicine for Stomach, Liver and Bowel Complaints.

For many years while I was perfecting my formula I studied and investigated the cathartes of the market and became convinced that their main fault was not that they did not act on the bowels, but that their action was too violent and drastic, and upset the system of the user; which was due to the fact that they were not thorough enough in their action, some simply acting on the upper or small intestines, while others would act only on the lower or large intestines, and that the almost invariably produced a habit requiring suggested doses.

I believed that a preparation to produce the best effect must first tone the liver, then act on the stomach and entire alimentary system. If this was accomplished, the medicine would produce a mild, but thorough elimination of the waste without the usual sickening sensations, and make the user feel better at once.

After experimenting with hundreds of different compounds, I at last perfected the formula that is now known as Nature's Remedy, which I truly believe goes further

and does more than any laxative on the market today. The thousands of letters from users have convinced me I was right, and that the user of Nature's Remedy as a family medicine, even though he may have used it for twenty-five years, never has to increase the dose.

My knowledge of medicine and the results of its use in my own family and among my friends, before I ever offered it for sale, caused me to have great faith in Nature's Remedy from the very first.

And now at I find myself nearing the age when I must bow to the inevitable and go to another life, my greatest pleasure is to sit each day and read the letters that each mail brings from people as old or older than I, who tell of having used Nature's Remedy for ten, fifteen and twenty years, and how they and their children and grandchildren have been benefited by it.

It is a consoling thought, my friends, for a man at my age to feel that aside from his own success, one has done something for his fellow man. My greatest satisfaction, my greatest happiness today, is the knowledge that tonight more than one million people will take a Nature's Remedy (R. Tablet) and will be better, healthier, happier people for it. I hope you will be one of them.

A CASE OF NOT BEING INFORMED.

The defeat of the county hospital bond issue last week by the voters of Wilbarger county can be explained on only one ground—that of failure to understand it. Many voted against the proposition on the ground that it was "a doctors' scheme" to profit at the expense of the people. Nothing could be farther from the truth. If the hospital were erected here the local physicians would profit less than any other class of people. In the first place patients treated in the hospital would pay smaller fees to their doctor than if treated at home. Instead of charging for a country call, in the case of patients living in the country, he would charge only for city call. Moreover, it would not be necessary to make calls as frequently as if the patient were at his home in the country, for the reason that doctors do not find it necessary to call as frequently when patients are being cared for by a trained nurse.

To illustrate this point, let us take the case of a family living fifteen miles from Vernon. A case of sickness occurs necessitating the employment of a trained nurse. The railroad fare of the nurse from Wichita Falls or Fort Worth must be paid. The compensation of the nurse would be \$25 per week, including traveling time. The doctor attending the patient would charge for traveling the thirty miles necessary to make calls, and his calls would necessarily be more frequent than if the patient were in Vernon, where he could be called in a few minutes in case of emergency. With the patient fifteen miles away no careful physician would risk his patient without making daily calls. A hospital would save the people hundreds of dollars annually.

This argument that the county hospital was a "doctor's scheme" was a pure invention on the part of persons who sought to play on the prejudice of the people. In the first place the doctors of Wilbarger county are men whose motives cannot be questioned. They are the best friends most of us have. They go in all kinds of weather and under all kinds of conditions, frequently without any hope of reward. The books of the doctors of Wilbarger county will show that they have befriended the people to the extent of thousands of dollars. We might say hundreds of thousands without exaggeration. Some doctors say they would be satisfied if they could collect half the fees that are charged on their books. It is also a fact that some who repeated this charge of "a doctors' scheme" could take such a position with better grace if they would pay their past due doctor bills.

The tax bugaboo was also a factor in defeating the hospital bonds. Actually, the tax rate to retire the bonds would have been 3 cents per hundred dollars valuation—30 cents per thousand. The average taxpayer in the county pays on a rendition of \$2,000. This means that the average man who voted against the bonds on the grounds of taxes did so to save a nickel a month. Many voted against it to save 30 cents a year!

In view of these facts, we re-

peat that the defeat of the bonds was due to a lack of understanding. To believe otherwise would reflect on the intelligence of the voters of the county. We don't believe that reasonable men would swallow the "doctors' scheme" plea. We don't believe that the average man would vote against a county hospital to save a nickel a month. When the details of a county hospital are explained to the people of Wilbarger county they will vote bonds by a larger majority than they ever defeated them for this purpose.

In voting two million dollars worth of road bonds last Saturday by a majority of about sixteen to one, the people of Hunt county have challenged the attention of the entire state. This is without doubt the largest endorsement given a road bond issue by the people. There may be many reasons for this, but our own opinion is that the road question in Hunt county was clinched for all time when the county spent its first road bond money several years ago for concrete roads. It is difficult to believe that the voters would have approved an additional bond issue of two million dollars if the first bond money had not been spent in a satisfactory manner. This is interesting because it is vindication of the contention of county commissioners and good roads supporters in Wilbarger county that concrete roads are the most satisfactory that can be built. It is on this basis that the roads movement has been predicated here, and we confidently believe that after the people in this county have had an opportunity to see the value of concrete roads they will readily support any bond issue which is to be spent in this sort of improvement. The initial cost of concrete is higher than any other material, but it is cheapest in the long run and will win converts to the cause of good roads

FOSTER'S WEATHER BULLETIN

(Copyrighted by W. T. Foster.)

Washington, D. C., March 28, 1919.—Last bulletin gave forecasts of warm wave to cross continent March 29 to April 2, storm wave March 30 to April 3, cool wave 31 to April 4. General temperatures will average above normal during the five days centering on the warm wave. This will be a severe storm from the Pacific to far out on the Atlantic. More than usual rain is expected with this storm in the States and middle Canada. The storm will affect the whole continent.

Next warm waves will reach Vancouver about April 1 and 6, storm waves 2 and 7, cool waves 3 and 8. They will cross crest of Rockies by close of April 2 and 7, plains sections 3 and 8, meridian 90, great lakes, middle Gulf States and Ohio-Tennessee valleys 4 and 9, eastern sections 5 and 10, reaching vicinity of Newfoundland near April 6 and 11. Storm waves will

wherever it is used. The record in Hunt county proves this.

The opposition to The League of Nations seems to be diminishing. One reason for this undoubtedly is that several amendments to the constitution have been adopted in Paris. Not so much that these amendments are important, but that they afford some of the opposition Senators a loop-hole through which to escape from positions they have taken. The real explanation back of the change in the position of these Senators is that they have begun for the first time to realize that the League proposal has taken hold with the people, and being politicians, the Senators are very anxious to keep in harmony with the people.

follow about one day behind warm waves and cool waves about one day behind storm waves.

A great cold wave will come down through the middle northwest as a rear guard to the disturbance and to some extent will be of the blizzard kind but the season will be too far advanced to permit it to reach the cotton states. Frosts will go farthest south in April from 10 to 14.

Nine days of colder than usual, centering on April 10, will make a late spring south of latitude 38. General average of April crop weather will be fairly good. Crops are expected to be at least fair on about half the continent east of Rockies' crest.

Indications continue to be stronger that all market values for farm products will be good; all that producers can ask and that financial affairs and wages of labor will be satisfactory to all.

Mrs. C. V. King left yesterday for Electra where she will spend a few days visiting her brother.

WOMEN URGE PARKS TO HONOR SOLDIERS

CULTURE CLUB RECEIVES PAPER SETTING FORTH ADVANTAGE AS MEMORIALS.

The federated clubs of Texas are taking up the idea of parks and playgrounds as war memorials. At a recent meeting of the Culture Club there was read a pamphlet signed by Mmes. Roscoe Wilson of Lubbock, district chairman, and Mrs. J. L. Young of Mineral Wells, state chairman of the parks and playgrounds committee of the Texas Federation of Women's Clubs.

In part the paper said: "Special honor has always been paid to those who have rendered great service or made great sacrifice for the general welfare. Most every town and city has its statues, monuments or other memorials. The sentiment which prompted the erecting of those monuments is commendable. It was the effort of a community to do honor to its heroes. The judgment displayed in selecting this form of commemoration is open to criticism.

"Many believe that the most fitting way to do homage to the dead and heroic is to construct something that shall serve the living. More than any other war in history, this one was fought for principle—for liberty and the safety of democracy. To perpetuate the cause for which this great war was fought some of our able civic leaders suggest that a memorial worthy of the recent conflict must be dynamic. It must be a spot commemorating the service by giving service.

"Parks and playgrounds can be made to serve a threefold purpose; first—as a memorial to the heroic dead and to all others from the local community who joined the colors during the war; second—as a means of developing to a high standard the efficiency of the people. It has also come to be conceded that beautiful and healthful environments tend to raise the morals of a community; third—as an investment for a town, parks and playgrounds are worth while, because beautiful surroundings enhance the value of property and attract the most desirable home-seekers."

ADDRESS OF SOLDIERS WANTED.

Bureau of War Risk Insurance Says Many Certificates Are Undelivered for Lack of Information.

Camp Travis, Texas, March 27.—(Special to The Record).—The Bureau of War Risk Insurance announces that a large number of insurance certificates remain undelivered. This is due to insufficient or no address having been given in some cases, while in many others the address of the beneficiary has changed and the certificate has been returned.

All officers and enlisted men and all discharged soldiers whose insurance certificates have not been received either by themselves or by their beneficiaries should write to the Insurance Division, Bureau of War Risk Insurance, Washington, D. C., stating the following:

Full name; Rank and organization at the time of application for insurance; Army serial number; Present address; Name and address of the beneficiary if it is desired that the certificate be sent to the beneficiary; If it is not desired that the certificate be sent to the beneficiary instructions will be given as to what disposition is to be made of it.

Certificates will in no case be sent for file to the Adjutant General of the Army.

Don't you think that it would be better business to come in and put that account into a note if you can't pay it now? It will keep your own credit better and keep us from carrying accounts past due on our books? Herring-Bennett Lumber Co. Adv. 21-21c

Hinds News.

Hinds, March 27.—(By special correspondence).—The rain Sunday and Sunday night was greatly appreciated by the farmers in this part of the county. Wheat and oats are looking fine. Most every one will commence planting corn as soon as the ground gets dry enough. The early gardens are doing nicely. The frost Thursday morning didn't kill anything.

Rev. Frank McNair preached Sunday morning at 11 o'clock. The appointments for Saturday and Sunday nights was not filled on account of the rain.

W. C. Roddy failed to make route three Monday and Tuesday on account of muddy roads.

The children of Mr. and Mrs. M. E. Taylor have been sick with colds the past week, but are better now.

The wildcard baseball team, Miss Turner, principal of the Wildcat school, and some of the girls of the school came to Hinds to play the school Friday afternoon. They just played five innings on account of breaking the bat.

Misses Verna and Pearl Mathus visited relatives and friends in East Vernon Saturday and Sunday.

J. D. Allison is having his barn and sheds rebuilt the storm blew down week before last.

Mrs. Minnie Wood received a letter from her son, Corporal Willis Wood, Wednesday. He recently came across from France and is now at Camp Merritt, N. J., and thought he would leave there soon for Camp Bowie to be discharged.

Martha Smith was accidentally hit with a baseball Tuesday at school, cutting a bad gash in her lip and chin. Her uncle, M. E. Taylor, carried her to Vernon the same afternoon and had two stitches taken. She is getting along nicely now.

Howard Liles, son of Mr. and Mrs. Ed Liles, who belongs to the Navy and stationed in Rhode Island, is home on a seven-day furlough.

Mrs. Minnie Wood, who has been living on one of A. Allison's places the past year, is moving to her home in Vernon.

Miss Christine Barrett of Red Bluff visited Gladys Allison Sunday.

Hubert Hendricks of Fargo spent the week end with Royal Duke.

T. Q. Dyess, who has been teaching a ten-nights' singing class near Burk Burnett, returned home Thursday.

The party given at the home of Mrs. Wood was greatly enjoyed by a large crowd Thursday night.

Dr. W. R. Moody spent Tuesday night at the home of J. D. Allison. Dr. Moody finished moving his stock and farming implements to load on a car Wednesday. He is moving to Canyon City.

Mr. and Mrs. R. A. Manis of Vernon attended the party at Mrs. Wood's Thursday night.

The Boys' Shop

Those of us who are blessed with sons know that all of God's creatures the boy is the most unfathomable.

He has tastes and wishes that are entirely his own, and things that you perhaps think he should like do not appeal to him at all.

They are an interesting study. And we have studied young America so carefully from the standpoint of his clothing needs, that we can truthfully call our Boys' Department—"The Boys' Shop"—the place where every clothing need and desire of his has been carefully studied and equally as carefully worked out—where garments that appeal to him and yet satisfy the stringent demands of his parents may be found.

Our Easter array is now ready. A vast assortment of youthful, yet manly Togs is offered—the kind that wholesome red-blooded, fun-loving boys find comfortable and are proud to wear—and of such a quality as to give the utmost value for every dollar.

Bring him with you and see this for yourself.

NOTHING DEFINITE KNOWN ABOUT WELL IN FOARD COUNTY

Showing of Oil Has Been Found on "Y" Ranch, But No Attempt Has Been Made to Test Out the Well—Drilling Has Been Suspended and One Man Left in Charge.

Nothing certain can be learned concerning the strike of oil on the "Y" ranch in Foard county, owned by C. T. Herring and L. K. Johnson. The well is being drilled by the Empire Oil Company of Winfield, Kansas, and the showing of oil was found at a depth of about 3,500 feet last week.

Messrs. Herring and Johnson returned from the well yesterday, but they were unable to get any definite information beyond the fact that some oil had been found. Drilling has been suspended and the drillers have gone to Winfield, leaving only one man to watch the well. The hole has not been bailed out and no attempt has been made to bring it in.

Mr. Johnson says the well may or may not be on a good oil sand. He does not know when the well is to be tested out to see what has been found.

The Empire Company owns leases on only about 3,500 acres in a strip across the north end of the "Y" ranch. They have had leases on some 15,000 acres north of the ranch, but it is understood that much of this acreage has been sold since drilling was started. The well is northwest of Crowell, about fifteen miles, and not far from the Hardeman and Cottle county lines.

The finding of oil on the "Y" ranch would be of prime importance to Wilbarger county. The development of Foard county would prove up at least the south half of Wilbarger. This would place Wilbarger between two oil fields and extensive operations would result here, especially since some of the best wells in the Electric field are in this county. Good showings of both oil and gas have already been found on the W. T. Waggoner ranch south of Vernon.

DISCHARGED SOLDIERS ARE ENTITLED TO MEDICAL AID

Camp Travis, Texas, March 27.—(Special to The Record.)—Any soldier who has been honorably discharged since October 6, 1917, for disability occurred in line of duty, and whose present condition is a reactivation of that disability or as consequent upon it, is entitled to hospital or sanitarium care under the provisions of the War Risk Insurance Act either in military hospital, if there be room for him, or in local civilian institution. This information is contained in a circular just received at Camp Travis, Texas, from the Secretary of War.

If the case is one of emergency, the Chief Medical Advisor of the Bureau of War Risk Insurance should be informed by telegraph of the case, giving the name, rank and organization from which the man was discharged, the character of the disability and suggestions as to the treatment needed. The nearest representative of the United States Public Health Service should also be notified, as these officials are authorized to take action in such cases. If there be no representative of the Public Health Service in the vicinity, arrangements will be made with local physicians or institutions to take temporary charge of the case. If the case is not one of emergency, the information called for should be furnished by letter to the Chief Medical Advisor of the Bureau of War Risk Insurance, Washington, D. C.

DEFECT IN ORDER FOR ROAD ELECTION

VOTE ON \$1,500,000 ISSUE CANNOT
BE LEGALLY HELD APRIL
19TH.

A legal defect has been found in the order calling for the election on the proposed issue of \$1,500,000 for roads. The election has been set for April 19th by the Commissioners Court, but this order will have to be rescinded.

The petitions asking for the election specified that the bonds should be made payable from one to forty years. Judge McHugh yesterday discovered that the law says they shall not extend over a period of more than thirty years. The election order being published in The Record calls for forty-year bonds, and is therefore illegal in that respect.

It will now be necessary for the Commissioners to reconsider the whole matter and set the date for an election on the basis of thirty-year bonds. The election cannot be held before May, since notice must be given by publication for about thirty days.

Fifteen cars of cattle were recently shipped out of Crowley to Kansas City. Eleven belonged to J. W. Bell, three to Zeke Bell and one to Sam Russell.

Petitions calling for an election on \$250,000 road bond issue will be presented to the Commissioners Court of Hale county at their April term.

The Home Oil Company of Memphis has timber on the ground for a derrick and plans are being rushed to get a test well in Hall county as soon as possible.

Oil excitement is running high in Haskell county. Several locations have been made within the last few days and Haskell is being visited by a number of the largest oil operators in the country.

An attempted jail delivery was frustrated at Henrietta recently by the sudden arrival of the constable on the scene. The constable had charge of the jail in the absence of the sheriff who was out of town.

The recent legislature made an additional appropriation of \$350,000 for the Northwest Texas Insane Hospital that is to be located at Wichita Falls. This makes a total of \$800,000 appropriated for this institution which means that it will be one of the finest of its kind in the state.

The Lelia Lake Oil Association have made a location on their holdings in Donley county and work has commenced on the derrick. The geologist who made the location asserted that indications show a larger pool around Lelia Lake than is now proven at Barkburnett, adding that he had rather have stock for his services than the cold cash.

MRS. BEN F. ALLEN PRESIDENT.

Former Vernon Woman Will Head
Organization Opposing Woman
Suffrage in Fort Worth.

Mrs. Ben F. Allen, a former resident of Vernon, has been elected president of the Fort Worth Anti-Suffragist Association. Mrs. Allen was active in society and club work while in Vernon and is a prominent member of the City Federation of Women's Clubs and Daughters of Confederacy in Fort Worth. While here Mr. Allen was cashier of the Herring National Bank.

The purpose of the organization of which the former Vernon woman is president is to fight the proposed amendment that is to be voted on in Texas on May 24. It is claimed that more than 100 women have registered with the association in Fort Worth. Their contention is that "the granting of the ballot to women is against the best interest of the home and that the entrance of women into politics means disaster to family life."

"The work of the organization will be carried on quietly and the matter intelligently presented to the men who will vote on the subject in order that they may not be confused into thinking that the women who are strenuously advocating suffrage represent the entire womanhood of the State," is the statement Mrs. Allen made in accepting the presidency.

The Fort Worth association is affiliated with both the State and National anti-suffrage associations.

BAPTISTS PLAN CENSUS.

Local Sunday School Will Canvass City
for Data on Attendance at Religious Services.

A religious census is planned for Vernon by the Sunday school of the First Baptist Church. The work is to be done Sunday afternoon by committees which have been assigned to different wards of the town. The idea of the workers is to ascertain who do not attend any Sabbath school, and the work of increasing attendance will be taken up.

The census card will answer the following questions: "Are you a church member? If so, what denomination? Where is your membership? If not a member, what church do you prefer? Do you go to Sunday school? If so, where? If not, what church do you prefer?"

At the Churches

ALL-DAY MEETING OF WOMEN.

Missionary Society of the Methodist Church Will Invite Men to Lunch Monday.

The women of the Methodist Church have arranged an all-day meeting for fifth Monday, March 31. The committee in charge urges every woman to come at 10 o'clock and bring her lunch, inviting her husband to join in the meeting at the church.

Program has been announced as follows: 10 to 11 o'clock, "Prayer and Praise," Mrs. J. N. Johnson leader; 11 to 12 o'clock, "The Bible," Mrs. J. H. Watts leader; 12 to 1 o'clock lunch; 1 to 2 o'clock, Mission Study, "Path of Labor," Mrs. E. Long leader; 2 to 3 o'clock, "Consecration Hour," Mrs. S. E. Trevathan leader; 3 to 4 o'clock, "The Centenary," Mrs. H. W. Norwood leader. During this hour Rev. M. Phelan, presiding elder, will present the plan and purpose of the Centenary movement.

A social hour will follow the program, the ladies of the church entertaining the girls. All girls, fourteen years and over, are invited to be present for this social hour and as much of the other meeting as they can attend.

"This should be a delightful and profitable day," the leaders say. "Rev. Henry F. Brooks, pastor, and Presiding Elder M. Phelan will be with us, and the ladies are urged to help make this a red letter day with their presence and co-operation."

DISTRICT CENTENARY MEETING TO BE HELD IN PADUCAH MAY 1

Presiding Elder M. Phelan announces that a district meeting in the interest of the Centenary campaign of the Methodist church will be held in Paducah May 1. The meeting is to be in connection with the District Conference.

At the Paducah meeting Rev. Phelan expects to complete organization of the district for the Centenary drive, which is scheduled for the week beginning May 18. Minute men will be announced for the district, and the quota of each church will be arrived at.

In addition to all preachers in the district, Judge J. W. Davidson of Childress, district manager; B. O. Brown of Vernon, conference publicity manager, and the local manager of each church are asked to attend the meeting. District Conference will be held May 2, 3, 4, and 5.

This presiding elder's district includes Hardeman, Childress, Cottle, Foard, and Wilbarger counties.

PRINCE ALBERT

the national joy smoke

NEVER was such right-handed-two-fisted smokejoy as you puff out of a jimmy pipe packed with Prince Albert! That's because P. A. has the quality!

You can't fool your taste apparatus any more than you can get five aces out of a family deck! So, when you hit Prince Albert, coming and going, and get up half an hour earlier just to start stoking your pipe or rolling cigarettes, you know you've got the big prize on the end of your line!

Prince Albert's quality alone puts it in a class of its own, but when you figure that P. A. is made by our exclusive patented process that cuts out bite and parch—well—you feel like getting a flock of dictionaries to find enough words to express your happy days sentiments!

HENRY F. BROOKS, Pastor.

Sing Song at Methodist Church.

Sunday night's service at the Methodist church will be in the nature of a sing song. Beginning at 7:45 o'clock, there will be solos, choruses, songs for old and young. Short talks will be made on the history of song, and in explanation of certain historic songs. Rev. Henry F. Brooks, the pastor, plans to have an hour with the masters of music on each of the following four Sunday nights. Local dealers handling the Victor, Columbia, Edison, and Brunswick will provide the music. A short sermonette will follow each musical program, but the entire service will last only about an hour.
